Continuing Education

Available upon request

Graduate-level Course Instruction

Course Title	Employer	Course Description
Introduction to the Counseling Profession Counseling 501	Texas A&M University – Commerce Counseling Department	Hours: Three graduate level semester hours Classroom Instruction Recommended as initial course in a student’s program to serve as an introduction to the counseling profession. Roles of counselors and related professionals in various settings are presented. Professional goals and objectives, trends, professional associations, ethical and legal issues, history, credentials, and preparation standards for counselors are explored.
Counseling Pre-Practicum Counseling 516	Texas A&M University – Commerce Counseling Department	Hours: Three graduate level semester hours Classroom Instruction Provides the foundation for all practicum and internship experiences. Students learn communication and interpersonal skills under faculty supervision. Demonstration of these skills is a prerequisite for enrollment in practicum (Coun 551). Students will examine their intra personal issues and interpersonal styles and will follow ACA Ethical Standards. Prerequisites Application form returned to department several months before actual enrollment in the courses (check department for availability and due dates). Coun 501, 510 and completion of, or concurrent enrollment in Coun 528 Note: Recommended for non-counselor educational professionals as well as counselors.
Counseling Practicum Counseling 551	Texas A&M University – Commerce Counseling Department	Hours: Three graduate level semester hours Classroom Instruction/Supervision Provides for continued development and practice of skills learned in Coun 516. Students develop conceptual and professional skills related to their practice at a field site and practice various specified counseling and related activities during a minimum of 100 hours at an agency or educational setting. Prerequisites Application form returned to department several months before actual enrollment in this course (check with department for availability and due dates), a grade of “B” or better in 516, and successful completion of Admission to Candidacy requirements (or the equivalent for those seeking school counselor certification only) within the Department of Counseling. Graded on a satisfactory (S) or unsatisfactory (U) basis, with a grade of “S” required to progress to Coun 552. Note: Satisfactory performance at the field placement and during on-campus class meetings must be demonstrated before students can proceed to internship (Coun 552).
Counseling Internship Counseling 552	Texas A&M University – Commerce Counseling Department	Hours: Three graduate level semester hours Classroom Instruction/Supervision Primary interest is on integration of process, conceptual, professional, and personal skills. Provides extensive supervised experience in a setting closely aligned with student’s chosen program. Prerequisites Application form returned to department several months before actual enrollment in this course (check for availability and due dates); grade of “B” or better in Coun 516. Students must receive a grade of “S” in the first semester of 552 to progress to the second semester of 552, and an “S” in the final semester of 552 to graduate and/or be recommended for school counselor certification. Note: Course is repeated for two, three-credit hour courses, each requiring approximately 20 weekly hours (300 total in each) of field experience, to meet master’s degree requirement of six hours of internship.
Group Counseling Counseling 528	Texas A&M University – Commerce Counseling Department	Hours: Three graduate level semester hours Classroom Instruction A study of group development, dynamics, and theories in relation to group guidance, group counseling, and group therapy. Leadership styles, techniques and roles are explored, and ethical and legal issues related to group interventions are discussed. Prerequisites Coun 510 or consent of instructor with concurrent enrollment in 510.
Counseling Theories and Techniques Counseling 510	Texas A&M University – Commerce Counseling Department	Hours: Three graduate level semester hours Classroom Instruction A study of the philosophical and theoretical bases of the helping process Includes study of major counseling theories, basic helping skills, and applications to diverse populations. Also includes professional issues related specifically to the counseling process.
Family Crisis Counseling 564	Texas A&M University – Commerce Counseling Department	Hours: Three graduate level semester hours Classroom Instruction Crises and special problems encountered in family living with individual and community resources pertinent to them.

Multicultural Counseling Counseling 522	Texas A&M University – Commerce Counseling Department	Hours: Three graduate level semester hours Classroom Instruction Emphasis on developing knowledge, skills and attitudes for more effective counseling with persons different from the counselor regarding characteristics such as culture, race, gender, sexual orientation, physical disability, and religious preference. Substantial attention is given to developing awareness of one's own values, attitudes and beliefs as they relate to counseling in a diverse society. Provides an understanding of how diverse values and mores, interaction patterns, social conditions, and trends related to diversity affect counseling.
Introduction to Marriage and Family Counseling Counseling 611	Texas A&M University – Commerce Counseling Department	Hours: Three graduate level semester hours Classroom Instruction A survey of the historical development and principal conceptualizations of marital and family counseling/therapy. Goals include an initial examination and comparison of various theories currently employed in the field with an emphasis on interview techniques. Subject areas to be covered include the various schools of family counseling/therapy, along with current trends and issues in marriage and family counseling/therapy.
Counseling the Substance Abuser Counseling 580	Texas A&M University – Commerce Counseling Department	Hours: Three graduate level semester hours On-line Instruction Covers a broad range of topics related to chemical dependency that school, community, student affairs, marriage/family, career, and other counselors should know. Topics include prevention, abused substances and their effects, symptoms of chemical dependency, an introduction to various chemical dependency treatment models, applications in a multicultural society, chemical dependency counseling with children and families, twelve-step and other support groups, employee assistance programs, relapse prevention, HIV/AIDS and other current issues.
Counseling Strategies for Parent-Child Relationships Counseling 614.	Texas A&M University – Commerce Counseling Department	Hours: Three graduate level semester hours Classroom Instruction A didactic and experiential course dealing with counseling techniques applied to the improvement of parent-child relationships The course focuses on intervention skills of trans generational family therapy, play therapy, and parenting education based on an understanding of the family life cycle and family structure Prerequisites Coun 510 or consent of instructor.
