All students are expected to observe basic tenets of common decency and acceptable behavior conducive to a positive learning environment (See Student's Guide Handbook, Policies, and Procedures, Conduct). During class time, I expect college-level professionalism & course engagement. This means putting away cell phones, and any other forms of distraction, for the duration of the class period (exceptions will be allowed with advance permission of the professor).

Please come to class on time and plan to stay for the entire period. If you must leave early, please let me know at the beginning of class.

AI Use in Courses

Any use of such software must be documented. Any undocumented use of such software constitutes an instance of academic dishonesty (plagiarism).

Individual instructors may disallow entirely the use of such software for individual assignments or for the entire course. Students should be aware of such requirements and follow their instructors' guidelines. If no instructions are provided the student should assume that the use of such software is disallowed.

In any case, students are fully responsible for the content of any assignment they submit, regardless of whether they used an AI, in any way. This specifically includes cases in which the AI plagiarized another text or misrepresented sources.
