

MYRANDA LEIGH BULLOCK ADAMSON DNP, RN, NNP-BC

myranda.adamson@etamu.edu

PROFESSIONAL SUMMARY

Doctoral-prepared neonatal nurse practitioner with 8-years of experience as a neonatal nurse. Strong commitment to providing appropriate care to full-term and premature newborn babies. Caring and compassionate individual with an ability to provide comfort to parents during difficult times of their baby's treatment. Experience treating fragile newborns as a neonatal nurse. Manage care with neonatologists and bedside team members to provide an excellent plan of care.

SKILLS

Provides skilled and high-quality care to infants of various gestational ages. Knowledge of neonatal anatomy and other health concerns of premature babies, giving me the right tools to help patient progress. Ability to stay calm in emergency situations and make sound decisions even when a patient is in a life-threatening situation. Dedicated to providing compassion to parents and patients, and helping them feel more comfortable in NICU. Excellent ability to work in a team environment, which is a necessity in any type of medical provider setting.
