

Office of Graduate Studies Editing Checklist for APA 6th Edition

Your manuscript has been reviewed according to the standards listed below. These standards cover the most common errors made, but they are not exhaustive of APA style. “Yes” indicates that you meet the standard, while “No” indicates that you have made an error in regard to that item. If “No” is checked, you can see the page number where that error occurred in the “Page(s)” column. An ellipsis (...) in the “Page(s)” column means that the error may have occurred in places other than the pages listed, and the reviewer did not mark every place of error.

Additional comments may be included in the margins of your paper. The reviewer marked the first few instances where a revision is needed. **However, you will have to edit your paper line-for-line to find every instance where that error occurred; we did not mark every error, nor did we edit your manuscript line-for-line.**
