

Credential evaluation companies accepted by Texas A&M University-Commerce

The Graduate School may not have enough information or knowledge about your school or we may need a calculation of your GPA. In the case of this, we may ask for you to provide transcripts, mark sheets, certificates and diplomas to an evaluation company for evaluation. After your transcripts are evaluated, please have the evaluation sent to the Graduate School.

- All students from Nigeria or China must obtain a WES-ICAP or full SPANTRAN with verified, official transcripts. Chinese students may also use CHESICC.

***Please note: The evaluation will not take the place of your official transcript unless it is a WES-ICAP or full SPANTRAN evaluation with original, official transcripts.**
