John Sharp, M.P.A. **Chancellor, The Texas A&M University System**

John Sharp was appointed chancellor of The Texas A&M University System by the Board of Regents on September 6, 2011. As chancellor, Sharp leads one of the nation's largest university systems, which has an annual budget of \$6.3 billion. Enrollment at the A&M System's 11 universities and health science center has grown to more than 151,000, and externally funded research expenditures are in excess of \$1 billion.

Sharp brings with him more than three decades of public service. He came to the A&M System from Ryan & Company, where he was a principal with the largest state and local tax consulting firm of its kind in Texas. He earned a Bachelor of Arts degree in political science from Texas A&M University in 1972, where he was a member of the Corps staff of the Corps of Cadets and was elected student body president. Upon graduation, he was commissioned as a second lieutenant in the United States Army Reserves. He belongs to American Legion.

In 1976, Sharp received a master's degree in public administration from Southwest Texas State University while working full-time with the Legislative Budget Board in Austin. In 1978, he opened a one-man real estate firm in Victoria, Texas, and became a successful small business owner.

That same year he was elected to the Texas House of Representatives and was named "Outstanding Freshman" by Texas Monthly. He won a seat in the Texas Senate in 1982, where he served on the powerful Senate Finance Committee, and was elected to the Texas Railroad Commission in 1986.

Sharp was elected state comptroller in 1990 and re-elected in 1994. When he took office, he quickly began working to fulfill his pledge to "make government work more like our most successful businesses." Eight years later, he reinvented Texas state government and turned it into a high-quality, low-cost customer service operation that has saved taxpayers billions, helped avert a state income tax and served as a model around the world.

Dr. Mark Rudin, **President, Texas A&M University-Commerce**

Dr. Mark Rudin was appointed President of Texas A&M University-Commerce by The Texas A&M University System Board of Regents on August 16, 2018. Dr. Rudin has a Bachelor of General Health Science (1983), Master of Science in Health Physics (1985), and Doctor of Philosophy in Medicinal Chemistry with a Concentration in Health Physics (1989) from Purdue University.

Student success, expanded research, and economic development are among Dr. Rudin's top priorities as President. His vision for A&M-Commerce includes adapting traditional models to meet the needs of all students and providing skills development in preparation for post-graduation employment.

Prior to assuming the presidency at A&M-Commerce, Dr. Rudin served as the Vice President for Research and Economic Development at Boise State University. During his eleven-year tenure at Boise State, he played a central role in expanding research activity and developing collaborative partnerships with both public and private entities.

Dr. Rudin previously served at the University of Nevada, Las Vegas in a variety of administrative roles before being named Interim Vice President for Research and Graduate Dean. He also served as a Technical/Administrative Assistant with the U.S. Department of Energy and as a Senior Program Specialist/Project Engineer with EG&G Idaho, Inc. Dr. Rudin's career in education began in Idaho where he served as an instructor in the Department of Health Physics at Idaho State University.

Regents' Scholars

The Regents' Scholars program is a four-year scholarship program which allows students to pursue a degree in their chosen field while developing awareness of international issues and cultural contrasts. The program provides students with leadership theory and practice, allowing them to create a positive impact on campus and in their future profession.

Global Scholars

The Global Scholar program creates an opportunity for students to become better prepared for engaging in a highly interconnected world. Students awarded this distinction and recognition exhibited a high-level of involvement in specialized instruction and experiences, such as global events and travel.

Honors Scholars

The Honors Scholar Program provides students outside the Honors College with an opportunity to reap the benefits of the Honors experience and to graduate with an Honors designation. Students enter the Honors Scholar program through a multitude of avenues: the Regents Scholar Program, self-nomination, nomination by department, Phi Theta Kappa transfers, or by entering into Honors later in their college experience. The Honors Scholar Program experience culminates in the completion and successful defense of an honors thesis led by esteemed faculty.

Honors College

The Honors College at Texas A&M University-Commerce is a learning community of students that strive to gain a better understanding of the world around them and of themselves. Honors College students challenge themselves through completion of an interdisciplinary honors curriculum, housing in a residential community, and service to the community. The Honors College experience culminates in the completion and successful defense of an honors thesis led by esteemed faculty.
