 1. Things have changed in advising. We now have the success teams where every student has an academic advisor, financial aid advisor, and a concierge. The goal is to have the same team throughout your journey at college unless you switch your major. The concierge works as a connection to other departments for student needs such as tutoring, student support services, textbook assistance, technological needs, and classroom concerns.
 - a) Question: I switched majors, and my catalog updated and added an extra class I did not need. Is there a way to appeal that?

(1) Yes, please email Katrina.Watkins@tamuc.edu.

b) Question: My friend was told he needs to take a THEA test?

(1) He is a teaching major, so it is required to get certified.

c) Do you think students are taking advantage of the concierge?

(1) No, they are definitely not. Concierges have been responsible for advertising.
