

New Assignment Experience

The New Assignment Experience has a new look and feel. Everything is condensed into one page. The tabs have been removed and replaced with dropdowns to simplify the experience.

Give the new assignment a name.

Here you will add in the grade for the assignment. Once you add in the points for the grade item, it will automatically add it to the Gradebook. You will see a dropdown if you click on In Grades, and can choose to Remove from Grades, or Reset to Ungraded. Here you will also want to add in your Due Date.

On the right-hand side of the page you will see three boxes. The first one has the availability settings in it. You can set your accessibility with the Start and End Dates, as well as Release Conditions in this space. This is also where you will find the Special Access feature for students that need a different amount of time or attempts.
